## The right choice

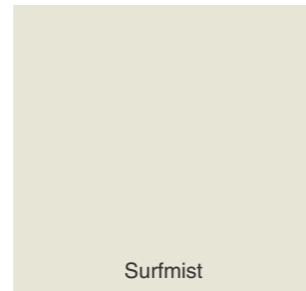

All of our pre-painted steel is made in New Zealand for New Zealand conditions. Garador garage doors are made from COLORSTEEL®. With over 30 years of experience, COLORSTEEL® is made with custom paint formulations to provide excellent colour performance and scratch resistance.

## Looking for something else?

We have teamed up with Dulux to offer over 200 optional powder coated colours. Powder coating is a process where our garage doors are covered with a polyester or epoxy powder, which is then heated to fuse into a protective layer. You get an excellent finish and the choice of just about any colour you want.
