## The benefits of choosing a Garador garage door

Whether you're building a new home or commercial premises, or thinking of replacing your old door, you cannot underestimate the effect of your garage door on the visual appeal of your home or business. That's why we offer an extensive range of door colours, styles and finishes for you to choose from. Strong, durable and built to last, you will feel safe and secure when you have a Garador garage door installed.

### A trusted brand

Garador has the largest garage door and opener distributor network in New Zealand and has been manufacturing garage doors locally for over 50 years. Your local Garador dealer is on hand to help you if you're buying a new industrial door or replacing an old one. All of our dealers have been extensively trained and many have years of experience in the business. Your local dealer will help you through the steps to getting the industrial door that best suits your needs.

## Why choose a Roll-A-Door?

Garador Roll-A-Doors will ensure you can continue to enjoy your home and lifestyle with added features that improve door safety, reduce maintenance requirements and give smooth, quiet operation.

Our pre-painted range of Roll-A-Doors are designed to stand the test of time. Unlike other door styles, a Garador Roll-A-Door needs minimal side room clearances to accommodate mounting brackets. This space saving design and compact roll ensures your ceiling space is free for other purposes.

## Why choose a Flex-A-Door?

### The Roll-A-Door evolved.

The same tried and tested quality Roll-A-Door curtain is used in a whole new way. With additional components, the Flex-A-Door effortlessly glides up and back along your ceiling in one easy motion.

Designed as a safer, more reliable Tilt Door replacement, the Flex-A-Door can fit into places that previously only a Tilt Door could. It has no outswing when opening and springs that are safely concealed in the horizontal tracks away from little fingers.

# Roll-A-Door Series 1

## Safe, secure and durable

With strong clean lines, our weather resistant Roll-A-Doors are convenient and low maintenance. The thick steel gauge ensures your valuables are protected and unwanted intruders are kept out.

### Features

- Made from COLORSTEEL®
- Wide range of colour options
- Smooth, quiet and easy to operate
- Manufactured to a durable time tested design
- Push button operation with a Garador Reflex opener

# Flex-A-Door

## Innovative design combining safety and usability

The Flex-A-Door features the famous Garador Roll-A-Door curtain, fitted on a curving track, so the curtain lifts from a vertical position up into a horizontal position, close to the ceiling – providing a clean, neat appearance on both the outside and inside.

### Features

- Made from COLORSTEEL®
- Wide range of colour options
- Smooth, quiet and easy to operate
- Springs safely concealed
- Draughts reduced with Retractable Infill Panel
- Push button operation with a Garador Focus opener

# Series 1 Mini Warehouse

## Planning a mini-warehouse complex or addition?

Garador has been involved with numerous door installation projects for storage complexes, and our Mini-Warehouse Roll-A-Door is able to provide you with a quality product that offers durability and security while retaining ease of operation.

### Features

- Made from COLORSTEEL®
- Wide range of colour options
- A locking system specifically designed for use on Mini-Warehouse Roll-A-Doors. Accommodates two padlocks, one for the renting customer and one for the storage proprietor should payments default.
- Smooth, quiet, greaseless operation

*Cast Mini-Warehouse lock*

*Series 1 detail*

# Industrial Series 2

## Safe, secure and durable

With strong clean lines, our weather resistant Roll-A-Doors are convenient and low maintenance. The thick steel gauge ensures your assets are protected and unwanted intruders are kept out.

### Features

- Wide range of colours available
- Smooth, quiet and easy to operate
- Manufactured to a durable time tested design
- Operate with a push button via our heavy-duty GDO-12 Hiro™ opener (optional)

# Semi-Industrial Series 3

## Lightweight easy operation

Economical rolling door suitable for use in a variety of applications such as counters, kiosks and bars, emergency services, factories and warehouses.

Garador Series 3 semi-industrial roller doors are available in a range of widths, heights and colours to suit a wide variety of situations from domestic to commercial.

### Features

- Wide range of colours available
- Smooth, quiet and easy to operate
- Springs safely concealed
- Manufactured to a durable time tested design
- Manual or remote control operation available

# Openers

## State-of-the-art door opening technology

It's one thing to choose the perfect looking door for your home, but it has to operate faultlessly too. When it comes to selecting the correct opener for your garage door, it's worth having a discussion with your Garador dealer to talk through your requirements.

Featuring  
**Tri-Tran+**  
128-bit Technology

### Reflex RDO-1v4

#### Smart, simple and secure

The Garador Reflex is a slim and reliable Rolling Door Opener. It features the power to effortlessly operate the majority of residential Rolling Doors.

#### Features

- Ultra compact design – it can be installed in almost any space
- Powerful yet quiet 600N motor
- Long lasting LED courtesy lights
- Soft start and stop to reduce door stress

Featuring  
**Tri-Tran+**  
128-bit Technology

### Focus GTS-1

#### Quiet, quick and value for money

The Garador Focus is our entry level garage door opener and has been designed to make your garage automation easy. It offers a cutting edge garage opener at an economical price. It still has all the important features and a 650N DC motor that will provide ease of operation.

#### Features

- Smooth and efficient 650N DC motor
- Soft start and stop to reduce door stress
- Automatic courtesy light

## GDO-10 Toro

### A giant in door automation

The Garador Toro offers a sophisticated industrial rolling door opener with superior pulling power. It comes as standard with built-in battery backup and a wall mounted LCD control panel that can programme a variety of operating modes for your security and safety.

#### Features

- Logic controls with LCD screen
- Heavy duty 1000N DC motor
- Soft start and stop to reduce door stress
- Manages up to 511 TrioCode™ 128 transmitters
- Built in battery backup

The Toro opener is compatible with commercial Roller Doors up to 28m² and high duty cycles.

Two  
**TrioCode™**  
Remotes Included

## GDO-12 Hiro™

### Powerhouse performance for demanding applications

If you need to power a very large rolling door or live in a high wind area, Hiro™ is the ideal choice. Hiro™'s heavy duty motor delivers extraordinary power and its compact design allows it to be used in tight spaces within your garage or shed.

#### Features

- Heavy duty 1400N DC motor
- Soft start and stop to reduce door stress
- Long lasting LED courtesy light
- Manages TrioCode™ 128 transmitters & Tri-Tran™ +

Featuring  
**Tri-Tran+**  
128-bit Technology

# Accessories

Added safety

## Safety beams

If you have young children or pets, the addition of infra-red beams provides added safety and security, as the door will automatically stop and reverse if the beam is broken whilst the door is closing.

Peace of mind

## Rechargeable battery backup

In the event of a blackout or other break to the power supply, the opener will still be operational with a rechargeable battery backup.

## Smart phone control kit

Garador's optional Smart Phone Control Kit lets you control your garage door with your Android or Apple smart phone wherever you are in the world, so now you'll always know whether you shut your garage door!

## Bird proofing

If you want to deter birds from entering and nesting in your building while the roller door is closed, the addition of a bird proofing brush strip along the lintel is the perfect solution.

## Windlocking – Series 2

A heavy duty guide & clip design that ensures the door is held captive in the door track when exposed to high wind situations, to reduce the risk of blow-in blow-out wind forces, as well as forced entry.

## Windlocking – Series 1

A unique guide & clip design that ensures the door is held captive in the door track when exposed to high wind situations, to reduce the risk of blow-in blow-out wind forces, as well as forced entry. Domestic only.

## Garador reliability warranty

It's important to have peace of mind when you make a purchase, and to know that the company you purchase from will be around to service your warranty. Garador has been manufacturing garage doors since 1962 and we offer some of the most extensive warranties available.

\*Purchase a specific domestic door and opener package and get a 10 Year Warranty. T&C's apply. Regular servicing required. See website for further details. [www.garador.co.nz/warranty](http://www.garador.co.nz/warranty)

# Colour Selector

Now you've chosen the style of garage door, all you have to do is select the colour that you want. Ask your Garador dealer for our separate colour guide. We also have metal swatches for you to take away and test against your house colour, and see what the colour looks like in different lights.

## Tough and stylish steel

All of our pre-painted steel is manufactured for New Zealand conditions. Garador garage doors are made from COLORSTEEL®. With over 30 years of experience, COLORSTEEL® is made with custom paint formulations to provide excellent colour performance and scratch resistance.

Now available for specific door and opener packages. Regular servicing required. Talk to your Garador dealer today or visit [www.garador.co.nz/warranty](http://www.garador.co.nz/warranty).

Each Garador door is custom-built to fit your garage perfectly. For more details on this product or our other ranges call 0800 427 236 or visit [www.garador.co.nz](http://www.garador.co.nz).

- a) Rolling and Flex-A-Door doors, in normal residential use, are covered by a 5 year warranty for steel door curtain, 12 months on surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from [www.garador.co.nz](http://www.garador.co.nz). Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.
- b) Industrial Rolling doors, in normal commercial use, are covered by a 12 month warranty for steel door curtain, surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from [www.garador.co.nz](http://www.garador.co.nz). Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.
- c) For areas within one kilometre of a corrosive environment eg. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult your Garador Accredited Dealer for advice.
- d) The process of roll forming sheet steel may cause irregularities in flat panel surfaces. Garador prides itself on producing quality products and makes every effort to limit this visual effect where possible.
- e) The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.
- f) While New Zealand Steel Limited is our preferred supplier, steel products from other sources may also be used.
- g) Details correct at date of publication.

As with all types of garage doors, for optimal trouble free performance and safety, we recommend you have your door serviced annually.
