

NatureSteel™

A Natural Timber Look

Our new NatureSteel™ wood pattern mimics the look of natural timber, combining beauty and strength, while creating a cozy and sophisticated finish for any home.

One of our most popular doors profiles is now available in a natural Chestnut wood-look design with a sleek, stylish fine-line profile and a smooth finish. This elegant door is manufactured from pre-painted steel for enhanced strength and corrosion resistance. The NatureSteel's fine ribs mimic timber boards and produce a modern look that is a perfect choice for many home designs.

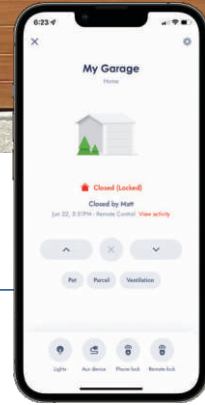

FEATURES

- Realistic wood tones
- Modern, smooth finish
- Optional insulation available
- Durability of steel without the maintenance of timber
- Extended 10 Year warranty available*

*10yrs Garador Warranty applies with door and Precision Opener purchase.
