

SMART PHONE CONTROL KIT

The Smarter Way To Control Your Garage Door

The next generation of garage door control is here.

Control your garage door through your smart phone while you're at home or out and about*. Features include:

- ▶ **Simple operation** – via our easy to use app
- ▶ **Secure home access** – monitor your garage door 24/7* and receive notifications when door is operated
- ▶ **Real time alerts** – Our smart app can alert you whenever your garage door is operated, opened for an extended period of time or when your opener is in need of a service
- ▶ **Customisation** – The app can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your convenience and security is paramount
- ▶ **Activity log** – View usage history so you know who has operated your garage door and when

*Subject to cellular and WiFi connection and availability.
